

November 5, 2015

CenterPoint Energy reports third quarter 2015 earnings of \$0.34 per diluted share, excluding \$1.25 per share from impairment charges, or a net loss of \$0.91 per diluted share, including impairment charges

- Company updates full year guidance to \$1.05 \$1.10
- Continued strong customer growth and cost discipline
- Enable Midstream announced third quarter distribution of \$0.318/unit; fifth consecutive quarterly increase since IPO
- CenterPoint reaffirms target of 4-6% annual EPS growth through 2018 on a guidance basis

HOUSTON, Nov. 5, 2015 /PRNewswire/ -- CenterPoint Energy, Inc. (NYSE: CNP) today reported a net loss of \$391 million, or a loss of \$0.91 per diluted share, for the third quarter of 2015. The company recognized a loss of \$794 million for the three months ended Sept. 30, 2015, from midstream investments, which consists of 55.4 percent interest in Enable Midstream Partners, LP. This loss included pre-tax impairment charges totaling \$862 million composed of the company's impairment of its investment in Enable Midstream of \$250 million and the company's share, \$612 million, of impairment charges Enable Midstream recorded for goodwill and long-lived assets.

Excluding the impairment charges, third quarter net income would have been \$146 million or \$0.34 per diluted share compared with net income of \$143 million, or \$0.33 per diluted share for the same period of the prior year. On a guidance basis, third quarter 2015 earnings would have been \$0.34 per diluted share, consisting of \$0.24 from utility operations and \$0.10 from midstream investments. Additional details on the impairment charges may be found in CenterPoint Energy's Nov. 5, 2015, impairment news release.

Utility operations produced \$265 million of operating income for the third quarter of 2015, compared with \$233 million for the same quarter of the prior year. Midstream investments reported an equity loss of \$794 million for the third quarter of 2015, which includes the impairment charges noted above. The impairments were offset by earnings of \$68 million for the third quarter of 2015. Earnings were \$79 million for the third quarter of 2014.

"We adjusted guidance towards the higher end of the range for 2015, largely due to the performance of our utility businesses," said Scott M. Prochazka, president and chief executive officer of CenterPoint Energy. "We continue to pursue steady earnings growth as we serve the needs of our growing customer base."

Business Segments

Electric Transmission & Distribution

The electric transmission & distribution segment reported operating income of \$244 million for the third quarter of 2015, consisting of \$219 million from the regulated electric transmission & distribution utility operations (TDU) and \$25 million related to securitization bonds. Operating income for the third quarter of 2014 was \$232 million, consisting of \$202 million from the TDU and \$30 million related to securitization bonds.

Operating income for the TDU benefited from higher usage due to favorable weather (\$11 million), higher net transmission and distribution related revenues (\$10 million), continued strong customer growth (\$7 million), and lower operations and maintenance expense (\$7 million). These benefits were partially offset by the absence of a one-time energy efficiency remand bonus (\$8 million) received in the third quarter of 2014, and reduced equity return related to true-up proceeds (\$7 million).

Natural Gas Distribution

The natural gas distribution segment reported operating income of \$11 million for the third quarter of 2015, compared with an operating

loss of \$8 million for the same period of 2014. Operating income was higher, due to the timing of the Minnesota Conservation Improvement Program (CIP) incentive (\$12 million), rate relief (\$5 million), increased economic activity across our footprint, including customer growth (\$3 million) and lower operations and maintenance expense (\$2 million). These benefits were partially offset by higher tax expense (\$4 million) and higher depreciation expense (\$3 million).

Energy Services

The energy services segment reported operating income of \$7 million for the third quarter of 2015, which included a mark-to-market accounting gain of \$5 million, compared with \$6 million for the same period of 2014, which included a mark-to-market accounting gain of \$13 million. Excluding mark-to-market accounting gains, the \$9 million increase was primarily due to improved margins (\$4 million) and a decrease in operation and maintenance expenses (\$3 million).

Midstream Investments

The midstream investments segment reported an equity loss of \$794 million for the third quarter of 2015, which includes the impairment charges noted above. The impairments were offset by earnings of \$68 million for the third quarter of 2015. Earnings were \$79 million for the third quarter of 2014.

Enable Midstream declared a quarterly cash distribution on Oct. 22, 2015, of \$0.318 per unit. This represents an increase of approximately 0.6 percent over the prior quarterly distribution of \$0.316 per unit.

Enable Midstream provided outlook for per unit distributions to grow up to 3 percent annually through 2017. Please refer to their Nov. 4, 2015, earnings press release for details.

Dividend Declaration

On Oct. 21, 2015, CenterPoint Energy's board of directors declared a regular quarterly cash dividend of \$0.2475 per share of common stock payable on Dec. 10, 2015, to shareholders of record as of the close of business on Nov. 13, 2015.

Outlook for 2015

On a consolidated basis, CenterPoint Energy updates earnings on a guidance basis for 2015 in the range of \$1.05 - \$1.10 per diluted share.

The guidance range considers utility operations performance to date and certain significant variables that may impact utility operations earnings, such as weather, regulatory and judicial proceedings, throughput, commodity prices, effective tax rates, and financing activities. In providing this guidance, the company does not include other potential impacts, such as changes in accounting standards or unusual items, earnings from the change in the value of the ZENS securities and the related stocks, or the timing effects of mark-to-market accounting in the company's energy service business.

In providing guidance, the company assumes for equity investments in midstream operations a 55.4 percent limited partner ownership interest in Enable Midstream and includes the amortization of our basis differential in Enable Midstream. The company's guidance takes into account such factors as Enable Midstream's most recent public outlook for 2015 dated Nov.4, 2015, and effective tax rates. The company does not include other potential impacts such as any changes in accounting standards, impairments or Enable Midstream's unusual items.

Earnings Growth Outlook

CenterPoint Energy is targeting 4-6 percent earnings per share annual growth through 2018 on a guidance basis, inclusive of midstream investments.

Filing of Form 10-Q for CenterPoint Energy, Inc.

Today, CenterPoint Energy, Inc. filed with the Securities and Exchange Commission (SEC) its Quarterly Report on Form 10-Q for the period ended Sept. 30, 2015. A copy of that report is available on the company's website, under the <u>Investors section</u>. Other filings the company makes with the SEC and certain documents relating to its corporate governance can also be found under the Investors section.

Webcast of Earnings Conference Call

CenterPoint Energy's management will host an earnings conference call on Thurs., Nov. 5, 2015, at 8:30 a.m. Central time or 9:30 a.m. Eastern time. Interested parties may listen to a live audio broadcast of the conference call on the company's website under the Investors section. A replay of the call can be accessed approximately two hours after the completion of the call and will be archived on the website for at least one year.

CenterPoint Energy, Inc., headquartered in Houston, Texas, is a domestic energy delivery company that includes electric transmission & distribution, natural gas distribution and energy services operations. The company serves more than five million metered customers primarily in Arkansas, Louisiana, Minnesota, Mississippi, Oklahoma, and Texas. The company also owns a 55.4 percent limited partner interest in Enable Midstream Partners, a publicly traded master limited partnership it jointly controls with OGE Energy Corp., which owns, operates and develops natural gas and crude oil infrastructure assets. With more than 7,400 employees, CenterPoint Energy and its predecessor companies have been in business for more than 140 years. For more information, visit the website at www.CenterPointEnergy.com.

This news release includes forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are based upon assumptions of management which are believed to be reasonable at the time made and are subject to significant risks and uncertainties. Actual events and results may differ materially from those expressed or implied by these forward-looking statements. Any statements in this news release regarding future earnings, and future financial performance and results of operations, including, but not limited to earnings guidance, targeted dividend growth rate and any other statements that are not historical facts are forward-looking statements. Each forward-looking statement contained in this news release speaks only as of the date of this release. Factors that could affect actual results include (1) state and federal legislative and regulatory actions or developments affecting various aspects of CenterPoint Energy's businesses (including the businesses of Enable Midstream Partners (Enable Midstream)), including, among others, energy deregulation or re-regulation, pipeline integrity and safety, health care reform, financial reform, tax legislation, and actions regarding the rates charged by CenterPoint Energy's regulated businesses; (2) state and federal legislative and regulatory actions or developments relating to the environment, including those related to global climate change; (3) recording of non-cash goodwill, long-lived asset or other than temporary impairment charges by or related to Enable, (4) timely and appropriate rate actions that allow recovery of costs and a reasonable return on investment; (5) the timing and outcome of any audits, disputes or other proceedings related to taxes: (6) problems with construction, implementation of necessary technology or other issues with respect to major capital projects that result in delays or in cost overruns that cannot be recouped in rates; (7) industrial, commercial and residential growth in CenterPoint Energy's service territories and changes in market demand, including the effects of energy efficiency measures and demographic patterns; (8) the timing and extent of changes in commodity prices, particularly natural gas and natural gas liquids, and the effects of geographic and seasonal commodity price differentials, and the impact of commodity changes on producer related activities; (9) weather variations and other natural phenomena, including the impact on operations and capital from severe weather events; (10) any direct or indirect effects on CenterPoint Energy's facilities, operations and financial condition resulting from terrorism, cyber-attacks, data security breaches or other attempts to disrupt its businesses or the businesses of third parties, or other catastrophic events; (11) the impact of unplanned facility outages; (12) timely and appropriate regulatory actions allowing securitization or other recovery of costs associated with any future hurricanes or natural disasters; (13) changes in interest rates or rates of inflation; (14) commercial bank and financial market conditions. CenterPoint Energy's access to capital, the cost of such capital, and the results of its financing and refinancing efforts, including availability of funds in the debt capital markets; (15) actions by credit rating agencies; (16) effectiveness of CenterPoint Energy's risk management activities; (17) inability of various counterparties to meet their obligations; (18) non-payment for services due to

⁽²⁾ Energy Services segment

⁽³⁾ Time Warner Inc., Time Warner Cable Inc., Time Inc. and AOL Inc.

⁽⁴⁾ Nine months ended results include amount associated with Verizon tender offer for AOL. Inc common stock

financial distress of CenterPoint Energy's customers; (19) the ability of GenOn Energy, Inc. (formerly known as RRI Energy, Inc.), a wholly owned subsidiary of NRG Energy, Inc., and its subsidiaries to satisfy their obligations to CenterPoint Energy and its subsidiaries; (20) the ability of retail electric providers, and particularly the largest customers of the TDU, to satisfy their obligations to CenterPoint Energy and its subsidiaries; (21) the outcome of litigation; (22) CenterPoint Energy's ability to control costs, invest planned capital, or execute growth projects; (23) the investment performance of pension and postretirement benefit plans; (24) potential business strategies, including restructurings, joint ventures, and acquisitions or dispositions of assets or businesses, for which no assurance can be given that they will be completed or will provide the anticipated benefits to CenterPoint Energy; (25) acquisition and merger activities involving CenterPoint Energy or its competitors; (26) the ability to recruit, effectively transition and retain management and key employees and maintain good labor relations; (27) future economic conditions in regional and national markets and their effects on sales, prices and costs; (28) the performance of Enable Midstream, the amount of cash distributions CenterPoint Energy receives from Enable Midstream, and the value of its interest in Enable Midstream, and factors that may have a material impact on such performance, cash distributions and value, including certain of the factors specified above and: (A) the integration of the operations of the businesses contributed to Enable Midstream; (B) the achievement of anticipated operational and commercial synergies and expected growth opportunities, and the successful implementation of Enable Midstream's business plan; (C) competitive conditions in the midstream industry, and actions taken by Enable Midstream's customers and competitors, including the extent and timing of the entry of additional competition in the markets served by Enable Midstream; (D) the timing and extent of changes in the supply of natural gas and associated commodity prices, particularly natural gas and natural gas liquids, the competitive effects of the available pipeline capacity in the regions served by Enable Midstream, and the effects of geographic and seasonal commodity price differentials, including the effects of these circumstances on re-contracting available capacity on Enable Midstream's interstate pipelines; (E) the demand for crude oil, natural gas, NGLs and transportation and storage services; (F) changes in tax status; (G) access to growth capital; and (H) the availability and prices of raw materials for current and future construction projects: (29) effective tax rate: (30) the effect of changes in and application of accounting standards and pronouncements: (31) other factors noted in CenterPoint Energy's Annual Report on Form 10-K for the fiscal year ended Dec. 31, 2014, as well as in CenterPoint Energy's Quarterly Report on Form 10-Q for the quarter ended March 31, 2015, June 30, 2015, and Sept. 30, 2015, and other reports CenterPoint Energy or its subsidiaries may file from time to time with the Securities and Exchange Commission.

Use of Non-GAAP Financial Measures

In addition to presenting its financial results in accordance with generally accepted accounting principles (GAAP), CenterPoint Energy also provides guidance based on adjusted diluted earnings per share, and adjusted net income to reflect the impact of the impairments, which are non-GAAP financial measures. Generally, a non-GAAP financial measure is a numerical measure of a company's historical or future financial performance that excludes or includes amounts that are not normally excluded or included in the most directly comparable GAAP financial measure. A reconciliation of net income and diluted earnings per share to the basis used in providing 2015 guidance and net income, adjusted for the impairment, is provided in this news release.

Management evaluates financial performance in part based on adjusted diluted earnings per share and believes that presenting this non-GAAP financial measure enhances an investor's understanding of CenterPoint Energy's overall financial performance by providing them with an additional meaningful and relevant comparison of current and anticipated future results across periods by excluding items that Management does not believe most accurately reflect its fundamental business performance, which items include the items reflected in the reconciliation table of this news release. This non-GAAP financial measure should be considered as a supplement and complement to, and not as a substitute for, or superior to, the most directly comparable GAAP financial measure and may be different than non-GAAP financial measures used by other companies.
