REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Member of
CenterPoint Energy Houston Electric, LLC

We have examined management’s assertion with respect to CenterPoint Energy Houston Electric, LLC’s (the “Company”) compliance, as of and for the year ended December 31, 2014, with the established minimum servicing standards applicable to CenterPoint Energy Transition Bond Company II, LLC (the “Bond Company”) for the Transition Property Servicing Agreement dated December 16, 2005 described in the accompanying Management’s Assertion of Compliance with Servicing Standards dated March 30, 2015, including Appendices I and II thereto (“Management’s Assertion”). Management is responsible for the Company’s compliance with those minimum servicing standards. Our responsibility is to express an opinion on management’s assertion about the Company’s compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants, as adopted by the Public Company Accounting Oversight Board (United States) and, accordingly, included examining, on a test basis, evidence about the Company’s compliance with its minimum servicing standards and performing such other procedures as we considered necessary in the circumstances. Further, an examination is not designed to detect noncompliance arising from errors that may have occurred prior to the period specified above that may have affected the balances or amounts calculated or reported by the Company during the period covered by this report. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Company’s compliance with the established minimum servicing standards.

Our examination disclosed the following material noncompliance with the established minimum servicing standards during the year ended December 31, 2014. The Company failed to remit transition charges collected from one of its customers in accordance with paragraph IV.2. of the minimum servicing standards included in Appendix II of Management’s Assertion.

In our opinion, except for the material noncompliance described in the preceding paragraph, management’s assertion that the Company complied with the aforementioned minimum servicing standards as of and for the year ended December 31, 2014, is fairly stated, based on the criteria set forth in the aforementioned Appendix II, in all material respects.

Appendix I to Management’s Assertion includes management’s responses to the material noncompliance identified in our examination. Such responses have not been subjected to the procedures applied in our examination and, accordingly, we do not express an opinion or provide any form of assurance on the appropriateness of the responses or the effectiveness of any corrective actions described therein.
