(Zip Code)

Registrants' telephone number, including area code: (713) 207-1111

ITEM 5. OTHER EVENTS AND REGULATION FD DISCLOSURE.

FUEL RECONCILIATION PROCEEDING

In 2003 hearings were concluded in the final fuel reconciliation proceeding filed by CenterPoint Energy Houston Electric, LLC ("CenterPoint Houston"), a wholly-owned indirect subsidiary of CenterPoint Energy, Inc. (the "Company"), before the Public Utility Commission of Texas ("Utility Commission"). The final fuel over- or under-recovery balance determined in that proceeding is to be included in CenterPoint Houston's stranded cost true up proceeding that is expected to be filed on March 31, 2004.

On March 4, 2004, the Administrative Law Judge ("ALJ") who conducted the hearings in the fuel reconciliation recommended that CenterPoint Houston not be allowed to recover \$87 million in fuel expenses incurred during the reconciliation period. When interest on the disallowed amounts is taken into consideration, the total recommended disallowance is approximately \$117 million on a pre-tax basis, or \$76 million after tax.

The ALJ's recommendation is not a final decision but rather is a recommended decision to be acted on by the full Utility Commission in April. At that time the Utility Commission may accept or modify the ALJ's recommendation. CenterPoint Houston will oppose the proposed disallowance of the \$87 million in fuel expenditures, but no assurance can be given that the Company will prevail.

EFFECT ON 2003 EARNINGS

Although the ALJ's recommendation is not a final decision, the Company is establishing a reserve against 2003 results in the amount of \$76 million, representing the after-tax impact of the \$117 million proposed disallowance. CenterPoint Houston is also establishing a reserve to reflect the proposed disallowance. Uncertainty around the ultimate recovery of those amounts in light of other recent actions of the Utility Commission precludes continuing to consider these amounts "probable" of recovery.

Establishing these reserves will reduce previously announced fourth quarter 2003 income from continuing operations for the Company from \$149 million, or \$0.48 per diluted share, to \$72 million, or \$0.23 per diluted share. For the year 2003, previously announced income from continuing operations before cumulative effect of accounting change will be reduced from \$496 million, or \$1.62 per diluted share to \$420 million, or \$1.37 per diluted share.

Consolidated financial statements for the Company and CenterPoint Houston reflecting the establishment of these reserves will be included in their annual reports on Form 10-K for the year ended December 31, 2003.
