**UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION**

On January 10, 2022, CenterPoint Energy Resources Corp., a Delaware corporation (the “Seller”) and a wholly-owned subsidiary of CenterPoint Energy, Inc. (the “Company”), completed the sale (the “Disposition”) contemplated by the Asset Purchase Agreement (the “Purchase Agreement”) dated April 29, 2021, by and between Seller and Southern Col Midco, LLC, a Delaware limited liability company and an affiliate of Summit Utilities, Inc. (“Buyer”), pursuant to which Seller agreed to sell its Arkansas and Oklahoma regulated natural gas businesses (the “Business”) to Buyer. The purchase price for the Business was \$2.150 billion, including recovery of \$425 million of storm-related incremental natural gas costs incurred in February 2021 and subject to adjustment as set forth in the Purchase Agreement, including adjustments based on net working capital, regulatory assets and liabilities and capital expenditures at closing. The Disposition was considered an asset sale for tax purposes requiring the net deferred tax liabilities of approximately \$129 million as of September 30, 2021 to be recognized in earnings at the closing of the Disposition; therefore, any deferred tax assets and liabilities within the Business were not included in the carrying amount of the assets and liabilities purchased by the Buyer.

The Disposition constitutes a significant disposition for the Seller for purposes of Item 2.01 of Current Report on Form 8-K. As a result, the following unaudited pro forma condensed combined statements of income for the nine months ended September 30, 2021 and unaudited pro forma condensed combined statements of income for the year ended December 31, 2020 are presented as if the Disposition and related events had occurred on January 1, 2020. The following unaudited pro forma condensed combined balance sheet as of September 30, 2021 is presented as if the Disposition and related events had occurred on September 30, 2021.

Although the Business met the held for sale criteria, the Disposition does not represent a strategic shift to the Seller as it will retain significant operations in, and will continue to invest in, its regulated natural gas businesses. Therefore, the assets and liabilities associated with the Disposition are not reflected as discontinued operations on the Seller’s Condensed Statements of Consolidated Income and the December 31, 2020 Condensed Consolidated Balance Sheet was not required to be recast for assets held for sale. Since the depreciation on the Business continued to be reflected in revenues through customer rates until the closing of the Disposition and is expected to be reflected in the carryover basis of the rate-regulated assets sold, the Seller continued to record depreciation on those assets through the closing of the Disposition.

The unaudited condensed combined pro forma financial statements are based on the historical financial statements prepared in accordance with U.S. generally accepted accounting principles and are presented based on information currently available. They are intended for informational purposes only and are not intended to represent the Seller’s financial position or results of operations had the Disposition and related events occurred on the dates indicated, or to project the Seller’s financial performance for any future period.

The unaudited pro forma consolidated financial statements have been prepared in accordance with Regulation S-X Article 11, *Pro Forma Financial Information*, as amended by the final rule, *Amendments to Financial Disclosures About Acquired and Disposed Businesses*, as adopted by the U.S. Securities and Exchange Commission on May 21, 2020, and should be read in conjunction with the following: (i) the accompanying notes to the unaudited pro forma condensed combined financial information; (ii) the audited consolidated financial statements and accompanying notes and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2020; and (iii) the unaudited consolidated financial statements and accompanying notes and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” included in the Company’s Quarterly Report on Form 10-Q for the nine months ended September 30, 2021.
